

The background of the page is a light yellow color, decorated with several large, soft pink flowers and smaller pink petals scattered around. There are also several butterflies in various shades of pink and orange, some with black markings on their wings, flying across the scene. The overall aesthetic is gentle and celebratory.

*Dear Transplant Nurse,*

*Thank you for all that you do. I had a kidney transplant on March 6, 2000 at Cedars-Sinai Medical Center in Los Angeles, CA. My cousin Darlene gave me the gift of life and I am truly thankful. The nurses were amazing to us both and managed to calm my nerves as I sat in the pre-op room waiting for news on my cousin. You are dedicated to your job and work so hard to please others. My hospital stay was only a week but you kept me going. You helped calm my family and filled me in on everything that was happening. Thank you for getting me through one of the scariest moments of my life.*

*Thank you for all that you do. You are heroes to the medical world.*

*Sincerely,*  
*Holly Miyagawa*
