

*To a transplant nurse,*

*Thank you for all that you do. To all the transplant nurses God Bless you.*

*I was in the hospital for 6 months while waiting for a double lung transplant and all the nurses that took care of me were absolutely wonderful. The nurse that took care of me right after the transplant was great. There is no words to describe how caring and and how professional she was all time. Even when I was out of I.C.U. she always took the time to come and see how I was doing. She not only took care of me but made sure that if my husband (who had been in the hospital with me for the whole 6 months) needed anything she would get it for him.*

*She (Missy) was a God sent angel, and I want to thank her, if it had not been for her taking such good care of me right out of surgery I would probably not be here right now.*

*So to you, the nurse reading this at the ITNS event, and to (MISSY) and ALL THE WONDERFUL CARING TRANSPLANT NURSES..... THANK YOU.....A MILLION TIMES THANK YOU*

*GOD BLESS YOU ALL, AND ALL THAT YOU DO FOR YOUR PATIENTS.*
