

*Dear Transplant Nurse.*

*My name is Nilsa Edmonds I received a liver transplant at the Hospital of the University of Penn March 12 1999.*

*I wanted to personally thank you for all that you have done for all of us transplant recipients. Thank you for all of your caring and loving time that you had spent with each and every one of us when we needed you the most. Thank you for getting us that extra blanket or that drink of water in the middle of the night when none of our family member were around, and sitting with us for a few minutes to comfort us until we fell asleep. Thank you for holding our hands and telling us that everything is going to be alright. I thank god for people like you who make this world a better place.*
