

Dear Transplant Nurse,

After three liver transplants, heart attack, hepatorenal syndrome and coma, there may be few who are more grateful and appreciative of your efforts on behalf of patients that me. I hug my nurses each time I go back to the ICU where I have given over 1,600 hours of volunteer work in attempt to "give back" for your transplant nursing teams bringing me back to life. You are truly special to us and to the betterment of humanity.

God Bless and I send you my love and a hug,

Dr Richard Darling, DDS
